Why Choose Rocal?

Designs For Every Home
Choose from nearly 30 unique door panel styles, ranging from traditional and heritage looks through to sleek, contemporary designs.

Make It Your Own
With a wide selection of colours, woodgrain finishes, decorative glazing and hardware options, you can create a door that's truly unique to your home.

Built To Last
Our panels feature durable, heat-reflective skins that resist colour fading and cracking, outperforming many other panel and composite door designs on the market.

Energy Efficient By Design
Manufactured with a high-density insulated core, our panels help keep your home warmer and your energy bills lower.

Unglazed panels are available in thicknesses from 18 mm to 32 mm, while glazed panels are offered in 24 mm and 28 mm options. In both cases, the thicker the panel, the better the insulation.

Low Maintenance
Keeping your door looking its best couldn't be easier, just wipe clean with a soft cloth and mild soapy water.

Extra Security Option
For added peace of mind, panels can be reinforced with a timber insert to strengthen the door and help protect against unwanted entry.

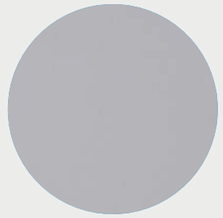

Rio / Anthracite Grey / Satin Glass

A Colour For Every Home

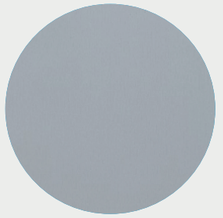

With 20 stunning colours to choose from, it's easy to find the perfect shade to complement your home. Whether you're drawn to classic heritage tones, sleek modern hues, or warm natural finishes, our wide palette lets you create a look that's truly your own. From bold statement colours to subtle, timeless shades, you can personalise your door to reflect your style and enhance your home's kerb appeal.

Contemporary Collection

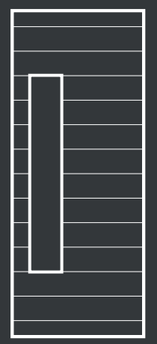

Our Contemporary Collection features 16 sleek, modern designs that deliver the premium look of a high-end composite door, without the hefty price tag. These striking styles look particularly impressive in on-trend grey or black tones, and can also be paired with our authentic woodgrain finishes for an ultra-stylish, modern look.

Stainless Steel Accents

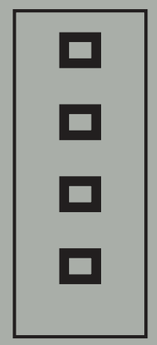

A selection of styles within our Contemporary Collection includes bold stainless steel detailing around the glazed apertures. This premium feature adds a modern, architectural edge to the door, transforming the overall look of your entrance and giving your home a smart, high-end finish.

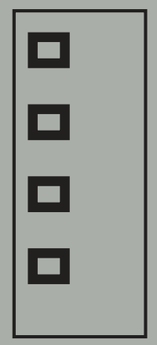

Antwerp

Athens

Bruges

Tallinn

Roma

Porto

Note: Stainless steel accents are optional and can be specified on the external face only, or on both the external and internal faces of the door. Where an internal stainless steel accent is not specified, the internal face will feature a flat glazed aperture instead.

White Foiled and Duck Egg are only available on Contemporary door styles with stainless steel accents.
